| <p>A lighter show of hogs today due to Spring like weather condition, with a lack of finished hogs forward. With 10 active buyers present the overall average of meated hogs of the commercial and export type met strong bidding competition and realising an average of 170p/kg to 185p/kg or £71 per head would be an improved trade and better to sell on the week. A greater entry of heavy weight lambs up to £93 per head finding homes regular away. Lightweight and store type hogs good to sell with swale a run of 42 Swale lambs from one vendor achieving £49 per head at 33kg. Butcher type Hogs hard to find today and more could have been sold to vendors advantage. Cast ewes an improved trade with all types finding homes at better money on the week.</p> | | | |
